Investment Structure

- → Pre-money valuation: $2M
- → Minimum to start pilot: $25K (pro-rated equity)
- → Full target: $100K = up to 5% equity
- → Use of funds: CSU SLV RC pilot operations only

Grant Coverage

- → Federal ESG: $500K-$2M (hardware/software)
- → NSF SBIR Phase I: $275K (R&D)
- → CWCB Water Plan: $500K-$2M (expansion)
- → BoR WaterSMART: $300K (resilience)

Capital Efficiency

- → 15x leverage: $100K unlocks $1.5M+ grants
- → Investors fund validation, grants fund scale
- → No dilution for R&D or infrastructure
- → Pilot success unlocks Federal ESG drawdown
